

# You understand clinical risk. Do your residents?

Yes, they're busy. But you know that it's better that they learn in the classroom instead of the courtroom.

## We partner with you to...

## CLER FOCUS

Patient Safety	Teaming	Well-Being
Healthcare Quality	Supervision	Professionalism

## Sample PGY 1-3 Curriculum

Risk Management Theme	PGY 1	PGY 2	PGY 3

<b>Communication</b>	Team Communication	Difficult Conversations	Navigating the Attending-Resident Divide
<b>Documentation</b>	EMR Documentation Challenges	Accuracy, Alteration, Allegations	PHI: Appropriate Access and Digital Distractions

### Live Webinars

- Formats include:**
- Actionable training workshops
  - Interactive dialogue
  - Risk management initiatives
  - Real-life medical malpractice cases

*“This education encouraged more self-reflection in regard to sleep deprivation”*

*“I took away a deeper understanding of when to inform an attending when I am not comfortable with a procedure”*

**What our resident learners are saying**

*“Moving forward, I’ll seek appropriate advice and report errors in a timely manner to ensure proper approach before the matter escalates”*

*“I now have more focus on myself and warding off imposter syndrome”*
