## Multiple Sclerosis Intimacy and Sexuality Questionnaire (MSISQ-19)

**INSTRUCTIONS:** To better understand the impact of multiple sclerosis (MS) on intimacy and sexuality, this 19item questionnaire asks you to rate how various MS symptoms have interfered with your sexual activity or satisfaction over the last 6 months. Questions may be answered by placing a check or any other mark in the square located next to the question and below the appropriate number. There are no right or wrong answers. If you are unsure how to answer a question, please choose the best answer you can.

Over the last 6 months, the following symptoms have interfered with my sexual activity or satisfaction:	Never 1	Rarely 2	Occasionally 3	Almost Always 4	Always 5
1. Muscle tightness or spasms in my arms, legs, or body					
2. Bladder or urinary symptoms					
3. Bowel symptoms					
4. Feelings of dependency because of MS					
5. Tremors or shaking in my hands or body					
6. Pain, burning, or discomfort in my body					
7. Feeling that my body is less attractive					
8. Problems moving my body the way I want during sexual activity					
9. Feeling less masculine or feminine due to MS					
10. Problems with concentration, memory, or thinking					
11. Exacerbation or significant worsening of my MS					
12. Less feeling or numbness in my genitals					
13. Fear of being rejected sexually because of MS					
14. Worries about sexually satisfying my partner					
15. Feeling less confident about my sexuality due to MS					
16. Lack of sexual interest or desire					
17. Less intense or pleasurable orgasms or climaxes					
18. Takes too long to orgasm or climax					
19. Inadequate vaginal wetness or lubrication (women)/dif- ficulty getting or keeping a satisfactory erection (men)					

## Scoring:

Primary sexual dysfunction subscale items = 12, 16, 17, 18, 19 Secondary sexual dysfunction subscale items = 1, 2, 3, 4, 5, 6, 8, 10, 11 Tertiary sexual dysfunction subscale items = 7, 9, 13, 14, 15

## Any item scoring "4" or "5" should be discussed with your MS healthcare professional.
